

COUNCIL.

A GOOD DEAL OF IMPORTANT WORK DONE.

Large Addition to the Equipment of Electric Light Masts—Is the New Charter Now in Effect?—Opinions from Senator White.

The regular weekly meeting of the City Council was held yesterday, with President Kuhns presiding and the following members present: Barrett, Bosbyshell, Bryant, Cohn, Earl, Ford, Hanley, Moriarty, Shafer and Threlkeld.

The minutes of the previous meeting were read and approved, when Mr. Cohn, by consent, introduced a resolution providing for the holding of a municipal election on February 21, 1889, for the purpose of selecting a complete new set of city officers.

According to the resolution the city is divided into 28 precincts, and the precincts are defined and described, judges and inspectors of election are designated and voting places in all precincts fixed.

Pending the reading of the resolution, which was quite lengthy, Dr. Bryant made the point that there was no need for any hurry in this matter. He thought this was not the proper time, as no notification of the passage of the new charter had been received by the Mayor.

Mr. Earl also thought there was no need for any great haste.

Mr. Cohn finally said that he would withdraw his motion, and the matter was dropped for the time being.

FROM THE MAYOR.

Mayor Bryson submitted the January statement of the sales of water. The amount of permits issued was \$430.75, and the amount returned was \$529.25.

The Mayor also informed the Council by message that he had received many complaints from the police department in regard to the blowing of whistles by car drivers and others. He suggested that the City Attorney be instructed to prepare an ordinance making the use of police whistles, except for calling the assistance of the police, a misdemeanor.

The Mayor also recommended that as the change was unusually large at this time and the captain is unable to properly control them that he allow an assistant.

When the question came up as to what should be done with the Mayor's messages, Mr. Cohn raised the point that nothing could be done, as the city was now operating under the new charter, which he held took effect immediately upon its passage by both houses. In this view the City Attorney coincided.

It was finally decided to take up Mr. Cohn's resolution at 2 o'clock, and in the meantime the Clerk was instructed to write President White of the State Senate and ascertain concerning the passage of the charter.

The question as to what should be done with the Mayor's messages again came up, and Mr. Cohn again renewed his objections.

The City Attorney held that this Council had power to act until their successors were elected, whereupon all the messages were laid upon the table.

The recommendation of the Police Commission for the location of a branch police station on Boyle Heights was adopted.

THE HEALTH OFFICER.

A communication was received from the minority of the Board of Health saying that they had not, nor was there any probability that they could, agree upon the selection of a Health Officer for the city. They also set forth that the present incumbent, Dr. Reese, was holding said office in violation of the charter of the city, because of the fact that he was not a resident of the city proper. The matter was laid on the table.

The Finance Committee's report was presented, and the various recommendations adopted, among them being the following: That the City Assessor be authorized to rent three rooms in the Bryson-Bonebrake building at \$60 per month.

That the city charter be printed with the city ordinances now being compiled by ex-Clerk Teed.

The regular monthly pay-roll of the several city departments and the bills for the expenses incident upon the conduct of the same were reported as allowed by the committee, and the recommendations were adopted.

A special committee reported in favor of publishing all the reports of city officers for the year 1888, as they contain data of interest. The matter was referred to the Finance Committee.

The point was made that it would be necessary, in the event of the approaching city election, to have a supplement of the Great Register printed containing the names of the city electors brought up to as late a date as possible.

The City Attorney held that this would be the best way to proceed, as in all cases judges of election would not receive the County Clerk's list of electors until after the election.

It was finally ordered that 250 supplements containing the names of the city electors be printed.

The report of the Board of Public Works was then taken up, as heretofore published in THE TIMES, and the various recommendations adopted.

The morning session was cut short by the sudden illness of a member of the Council, who was stricken with a severe fit and fell fainting to the floor. The Council chamber was crowded, and for a time there was great excitement, and as soon as this subsided Mr. Ford was re-elected, and the Council adjourned to 1:30 p.m.

AFTERNOON SESSION.

The members were a little slow about getting in for the afternoon session, and it was 1:40 o'clock before a quorum put in an appearance and the Council was called to order.

Mr. Threlkeld offered a resolution authorizing the President of the Council to appoint a committee of 10 to call on the committee of the Legislature now in this city and urge upon them the necessity for the repeal of the Vrooman act.

Mr. Barrett stated that the committee had returned home, and after some discussion, he offered as a substitute a motion that a committee of three be appointed, in connection with the City Attorney, to propose such amendments as were required in this city, as he had some doubts as to securing the repeal of the entire act, and he thought, from what he had had with the Legislators at Sacramento, that the amendments desired could be secured.

After debate Mr. Barrett's motion was unanimously adopted, and the President appointed the following as the committee: Messrs. Humphreys, Sinsbaugh and Bryant.

The report of the Board of Public Works, as heretofore published in THE TIMES, was read and the various recommendations adopted.

When the matter of THE DAY STREET RAILROAD FRANCHISE came up, Mr. Barrett asked for a week's further time, which was granted, and Mr. Davies made a statement, in which he indirectly accused Capt. Barrett of standing in with a rival corporation, the Vernon Railroad Company, and working against his interests.

Capt. Barrett in reply disclaimed any such intention, but said that he had always treated Mr. Davies with the greatest consideration, and had done everything in his power to further public improvements.

Mr. Gibson of the Vernon Railway also made a statement, saying the matter was now in the courts, after which the subject was dropped.

After some unimportant matters had been disposed of, Mr. Bosbyshell called up the matter of the opening of Los Angeles street, saying that he had been requested by a number of citizens, who had paid their money for the purpose of opening the street, to find out the status of the case.

tract for the lighting of the city was taken up and read.

ELECTRIC LIGHT.

The document is substantially the same as read at the last meeting, and provides for the lighting of the city by the electric light company for the next two years, at the figures and under the conditions previously published.

Dr. Sinsbaugh moved the adoption of the contract as read, and it was passed by a unanimous vote.

The Gas Committee recommended the erection of 90-foot masts at Downey-avenue and Alta-avenue, Kuhns and Moulton, Mission Road and Hansen, Hope and Seventh, Diamond and Belmont-avenue, Mrs. Holienbeck's, on Boyle-avenue, Michigan and Savannah, Louisiana street and Euclid-avenue, St. James Park, Seventh and Wall streets, four at the corners of Sixth-street Park, Sixth and Pearl, and 150-foot masts at Tenth and Denver streets and Grand-avenue and Adams street.

Dr. Sinsbaugh favored granting a portion of the lights, but doubted the advisability of going to the expense of erecting the poles.

Mr. Threlkeld said while the list looked like a long one, in reality it amounted to only six large lights, and would cost only \$8000 additional per month.

Mr. Barrett moved that the entire list be granted, and was seconded by Mr. Earl, who said that the city needs more light and less whiskey, and if the lights were put up it would be possible to do away with most of the policemen. Dr. Bryant also favored the report.

After some debate the Chairman was about to put the question, when Mr. Earl wanted to add a lamp at the corner of Santa Fé-avenue and Walnut streets, which was a very dangerous place.

Objection was made to this, and the report as read was adopted by the unanimous vote of the Council.

Several defective lights were reported, and the matter was reported to the Finance Committee to have the proper reductions made in the bill.

THE FIRST-STREET CUT.

Mr. Wicks appeared before the Council and advocated the change of the grade of the proposed opening of First street from 1 in 7 to a uniform grade of 1 in 10 from Fort street to Grand-avenue. He further stated that the only condition upon which he could secure the security of the street was that a tunnel 500 feet long should be made between Hill and Olive streets, in place of a cut of 80 feet, which would be necessary in case the street is opened. Mr. Wicks said that he had heard of no objection to this plan, which would leave a beautiful outlook park on the hill, and he considered it in every way desirable.

Capt. Barrett stated that the contract had already been awarded, and he therefore moved that the publication of the award of the contract be postponed for one week and that a committee of two be appointed to act in conjunction with the Board of Public Works and Mr. Wicks to investigate the matter. The motion was adopted, and Messrs. Wicks and Shafer were appointed as such committee, the whole committee to report at the next meeting.

SENATOR WHITE'S OPINION.

The President stated that an answer had been received from Senator White, in reply to the telegram sent in the morning, and it was read as follows:

"SACRAMENTO, Jan. 28. 'M. F. Stiles, Clerk Council Los Angeles: Better consult City Attorney. My personal view is that the charter went into effect when the Assembly approved it. Statutes 1887. Page 90."

After some debate the whole matter of providing for the election went over until the next meeting, on the statement of the City Attorney that there would be ample time to arrange all matters after that date. Dr. Sinsbaugh insisted that the greatest care should be taken in the appointment of the officers of the election, in order to avoid any feeling in the matter.

THE BRIDGE JOBS.

The report of the Bridge Committee was then presented, and on motion, the bill of the bridge company of \$5000 for putting up the Ninth-street bridge was passed, notwithstanding the objection of Mr. Threlkeld, who wanted some work done before any money is paid out.

The committee recommended that the time for the completion of the First-street and Downey-avenue viaducts be extended to May 1st.

Mr. Threlkeld objected, moving to amend by making it April 1st.

After talk, Mr. Burnett, president of the bridge company, made a statement protesting against being blamed for the delay in putting up the bridges, and promising to put the work through at the earliest possible moment. He said that he proposed to act in absolute good faith, and only wanted the city to act with them in the same manner. He outlined the difficulties in the way, and stated that he would do the best he could as he was more anxious than the Council possibly could be to complete the work, as the delay was all at his expense.

Mr. Threlkeld opposed granting the time asked for, and Messrs. Hanley, Barrett, Bosbyshell and others favored the extension of the company additional time, after which a vote was taken and the recommendation adopted.

In the discussion, Mr. Earl asked if the approaches could not be made of something more solid than wood, but was told that the street-car company would annul the contract if this was done, after which the recommendation to change the contract was adopted in accordance with the new order of things caused by the Utah Railroad was adopted.

A BOND FROM THE BRIDGE COMPANY.

In regard to the Seventh-street bridge, it was recommended that the bridge company give a bond of \$25000 guaranteeing the bridge for 15 years.

The engineer of the bridge company addressed the Council, as he said, to set him and his company right before the Council and the people of the city of Los Angeles, and to deny that it is necessary and the conditions of his contract being violated.

City Surveyor Dockweller made a statement, after which Mr. McNally moved that the bill be adopted. Messrs. Shafer and Bryant spoke against the motion, and the matter was about to be put to a vote, when the engineer of the company said that he would not accept it in the shape in which it was offered, as it cast a reflection on his company. He suggested that the clause "to avoid litigation" be stricken out, and the bond be made for \$5000 and the guarantee changed to five years.

Mr. Humphreys moved that the amendments be adopted, and they were passed by the unanimous vote of the Council.

The committee asked for further time on the Aurora-street bridge, and it was about to be granted, when Mr. Earl asked that some explanation be given for this delay. Capt. Barrett said that it was necessary owing to some changes, and the time was granted.

SENATOR WHITE AGAIN.

The President announced that another telegram had been received from Senator White, and it was read as follows:

"SACRAMENTO, Jan. 28. 'M. F. Stiles, City Clerk Los Angeles: Charter not yet enrolled or signed by Governor. While in my opinion this is unnecessary, yet the City Attorney had better consider the point. The printing office promises a complete enrollment tomorrow.'"

The matter went over until next Monday, when a special meeting to arrange all details for the election will be called for Tuesday.

The report of the Land Committee was read, and the various recommendations adopted.

A communication was read from the Zanja Company to the Zanja Committee, in regard to the crossing of Zanja Madre at First and San Pedro streets, suggesting various changes for the accommodation of the cable road, at a cost of \$1500 to \$2000.

Mr. Threlkeld made a statement to the effect that the company should pay for the work, and a motion was made that they be notified to do the work, under the direction of the Zanja and City Surveyor, which prevailed by a unanimous vote.

MORE TIME TO CONTRACTORS.

The report of the Street Superintendent was read, stating that several nuisances existed, which were referred to the Board of Health, and making several other recommendations, among them one granting the extension of the time for the completion of their contracts. Mr. Earl objected, saying that the work was not being done in accordance with their contract, and he objected to people being robbed in this manner, saying that he had measured the curb at various places, and it did not come up to the specifications. Mr. Gray also made a statement, after which the further time was granted, and the Street Superintendent instructed to see that the work is properly done.

The Chief of Police reported collections of delinquent licenses for the month amounting to something over \$800, and charging 5 per cent for the collection of the same.

The bill of the city poundkeeper for dog seals, \$150, was read, and referred to the Finance Committee.

PARKS AND ZANJAS.

The reports of the Park Committee and Zanja Committee were presented, the first recommending that the City Surveyor give the lines of Prospect Park, and the latter recommending that the lines of the irrigation system be completed, both of which were adopted. The committee also recommended that a 30-inch pipe be put across First street, in place of the two 16-inch pipes now there. Mr. Kuhns objected, and a citizen who resides on Saineval street put in an appearance and made a kick against the sanitary condition of Zanja No. 1, which he said it was so ordered. The matter of the First-street pipe was taken up, and a motion was made for a brick conduit. Dr. Sinsbaugh objected, and the matter was filed. The various other recommendations were adopted.

The lessee of the boat privilege on reservoir No. 4 was ordered to discontinue the use of the boats unless he pays his rent of \$10 per month.

THE TROMBONE

STILL BADLY EXERCISED OVER ITS DIFFICULTIES.

The Eastman Case Put Off Till To-day at 2 p.m.—The Receiver of the Bonds Dismissed—A Big \$1000 Bond Wanted.

Yesterday morning, before Judge Van Dyke, the case of F. A. Eastman vs. the Tribune Publishing Company, Boyce et al. was called. The complaint, the full text of which has appeared in these columns, was filed for the purpose of forcing "Smoothy" to disgorge a block of the company's stock that he became possessed of in some mysterious manner, and was also an application for a receiver on the grounds that Mr. Eastman believed his interest in the concern is imperiled on account of mismanagement and corrupt methods adopted by Boyce and his henchmen.

Col. Eastman was ready and anxious to go ahead with the case, but Boyce, through his attorney, Mr. Haines, pleaded that the case should be continued, on the ground expressed or implied that he believed he could sell the concern. This is the same game that has been worked for a week past, but no one takes any stock in the reason that the new crop of suckers is very slim this year, and the old crop has been all fished out. Boyce and his personal strikers were busily engaged yesterday, when not drumming for a bond of \$1000 to keep the Sheriff from closing down on the concern, in circulating a story to the effect that the Democrats are anxious to purchase the Trombone. This is not the case, and no one knows it better than Smoothy himself. He started that fake during the late Presidential campaign, and it was a failure. The Democrats don't want a paper, and if they did they would not undertake to clear up \$35,000 or \$40,000 in debts for \$600 worth of office furniture, pot metal and a "hole" in the ground. Democratic newspaper founders are not built that way.

On the representations made by defendants' attorneys the case was continued until 2 p.m. today.

The circulation fight between Snell and Esdor did not come up before Judge Wade until 2 o'clock p.m. The matter was argued in chambers, and the keeper was dismissed. This fight was between Snell and Esdor, who own the Tribune routes and some stock in the tottering concern. Snell gave up the business, and when he found how things were going on in the Bone shop he made up his mind to investigate them. He also asked to have Esdor enjoined from disposing of the Trombone stock. This portion of the complaint was granted, and Esdor was ordered by the court not to dispose of the stock until the case is duly tried and a decision rendered.

The Eastman case this afternoon promises to be quite sensational, as Col. Eastman would have to give bonds in the sum of \$1000 or he would close down the concern and lock it up until the attachment cases now pending against it are disposed of. He informed them that he simply wanted a bond to secure the payment of wages to the printers and other employees at the shop, and they were confident that they would be able to get the bond before 5 o'clock yesterday.

"Smoothy" and his strikers were packing up and down the streets yesterday afternoon trying to get bonds, but they fell down, and at 5 o'clock Judge Haines, "Smoothy's" lawyer, gave the Sheriff his word of honor that the bond would be given this morning. The Sheriff did not fix any hour for the bond to be furnished. Up to 5 o'clock yesterday Sheriff Aguirre believed that the concern would have no trouble in raising such a small bond, but when he found out that they could not raise it he made up his mind to take them at their word, and the bond is not forthcoming this morning. The Trombone office will be locked up and publication suspended.

AGAINST IT.

County Division Finds Opponents in the South End.

A joint meeting of the Chamber of Commerce and the Board of Trade was held in the Board of Trade rooms yesterday afternoon. The meeting was called for the purpose of taking some steps in the matter of correspondence from citizens of Santa Ana, Orange, Tustin and Anaheim, who object to a division of the county. The letters were written to the Chamber of Commerce asking that organization and the Board of Trade to oppose the measure in the Legislature and defeat the bill now being discussed by that body.

A committee of one, consisting of Secretary Higgins of the chamber, was appointed, with instructions to enter into further correspondence, and ascertain the exact wishes of the people in and about the above-mentioned cities.

Another committee of gentlemen, who do not wish their names made public, was appointed to draft a memorial opposing the division of the county in case it is learned beyond a doubt that the citizens of Orange, Santa Ana, Tustin and Anaheim are opposed to the measure. This memorial will be prepared so that active steps can be taken as soon as the secretary is ready to report.

There was some discussion on the State division question, but no resolution of any kind were passed, and no line of action was determined upon.

ROBBED.

Lawyer Pendleton Relieved of His Jewelry.

The residence of W. H. Pendleton, the lawyer, on Figueroa street, two doors from King, was burglarized Sunday afternoon and a considerable amount of jewelry stolen. The family went out to spend the afternoon, leaving the hired girl in charge. The girl, after clearing up the house, locked the door, placed the key in its usual hiding place and went to her own home, a few doors distant. When the family returned they found that the house had been entered in their absence, and all the loose jewelry and other valuables taken. The hired girl lost her valuables with the rest. It is supposed that the thief was secreted somewhere about the premises, and saw the family and girl leave, after which he secured the key and proceeded to go through the house. There is no clue to the thief or thieves.

ITALIANS FIGHT.

A Lively Fight at the Old Roma Hotel.

Last night about 8:30 o'clock a fight occurred between a gang of Italians at the old Roma Hotel, on Alameda street, when a young man named José Specia got hold of a gun about as long as his arm, and was filling up the weapon with cartridges for the purpose of cleaning out the crowd when Officer Mulaly, who happened along about that time in a street car, was called, and disarmed Specia, who was brought to the station, where he was locked up on a charge of carrying concealed weapons. Specia was accompanied by his brother and the proprietor of the hotel, who wanted to bail him out, but this was refused, as he was too drunk to take care of himself, and it was feared that he would do some damage.

R. J. Perry & Son, No. 128 South Main street, trees, shrubbery and lawns.

Book and Stationery Shop, Assignments, Olmstead & Walos, 216 South Main street.

For the printing go to Crandall Brothers' station, 216 South Main street. All kinds of job work at lowest prices.

At P. H. Mathews, corner Second and Los Angeles streets.

Get your home-made bread at Cottage Bakery, 310 South Spring street.

Myers Bros., candy manufacturing, wholesale and retail, 411 South Spring street.

Kelley, the "Mac." Kelley, the "Mac," was arrested yesterday by Deputy Constable Rogers on an old charge of assault with a deadly weapon, which has been slumbering for some weeks past, the company having been sworn before the late Justice Kling. Kelley gave bonds for his appearance and was released.

It was Overlooked.

In the rush at the close of the Council meeting yesterday the 13 o'clock closing ordinance, providing for the closing of all saloons between the hours of 12 m. and 5 a.m., was overlooked, and no action was taken.

At the previous meeting a resolution to the effect was adopted, only four members voting against it. It is likely that it will be brought up at the next meeting and put upon its passage.

READY TO RESIGN.

The Floquet Cabinet Offers to Step Down.

The Battle in the Chamber Deferred to Thursday.

French Royalists See Their Chance in Boulanger's Success.

Berlin and Vienna Journals Regard the Result of the Late Election as Threatening War and the Fall of the French Republic—Foreign Notes.

By Telegram to the Times.

PARIS, Jan. 28.—[By Cable and Associated Press.] In consequence of the victory of Boulanger, the Ministry tendered their resignations this morning, but President Carnot declined to accept them.

The Republican journals, while admitting that the election of Boulanger is a serious reverse, declare it is not sufficient to discourage the party, which must unite more closely against threatened disaster. The monarchist papers assert that the result of the election is a condemnation of the parliamentary republic, and presages its downfall. Boulanger's organs emphatically declare the election is a blow to the Government.

Figaro said that at today's session of the Chamber Jouvein (Radical) would question the Government as to what measures it will adopt to check the spread of Boulangerism. Floquet will reply to Jouvein's interpolation at length. The Cabinet had a meeting this morning and discussed measures to be adopted in the event of disorders arising. It was stated that a majority of the ministers were in favor of dissolving the Chamber and holding a general election in April, but first modifying the electoral laws in order to prevent plebiscitary proceedings. Some members of the Chamber advocate strong anti-Boulanger measures by the Government. They urge that Gen. Camille Cailletet be asked to form a Cabinet.

Carnot will not resign. President Carnot held a conference this morning with many men prominent in political life. It is the President's intention to await events and accept all the responsibility the situation involves. He will not abandon the Presidency until the expiration of his term of office.

Floquet has decided to resign or to take any other action that the Chamber may consider in the interest of the Republic. In government circles it is considered that the election of Boulanger means the Republic, 90,000 Conservatives and 150,000 Republicans having voted for him. One Minister, speaking of the situation, quoted the words of M. Thiers: "We should take everything seriously, nothing tragically."

THE BATTLE POSTPONED.

The various questions which it was proposed to ask the Government in the Chamber of Deputies today concerning the political situation have been postponed until Thursday. Gen. Boulanger did not appear in the chamber. Floquet, the Prime Minister, was present in the chamber. His appearance was careworn.

PARIS, Jan. 28.—Boulanger has announced his intention to attend the session of the Chamber on Thursday. The Chamber today passed a credit of \$42,000,000 to be expended in improving military posts. Floquet proposes to introduce on Thursday an anti-plebiscite measure and a bill to re-establish the scrutinized arondissement system. The groups of the Right and Boulangerists have decided not to take the initiative, but to await the action of the majority.

THE ROYALISTS HOPEFUL.

Donsaerville, presiding at a meeting of the Royalists Right today, said: "The current events are a prelude to a restoration of the monarchy. Only a few weeks ago I had the honor of being received by the Comte de Paris. I found him full of hope, and thoroughly convinced that he will save France."

A thousand students paraded in the Latin quarter tonight. They broke the windows of houses occupied by persons known to be partisans of Boulanger. The police finally dispersed them.

AUSTRIAN AND GERMAN COMMENTS.

VIENNA, Jan. 28.—The Political Correspondence, referring to Boulanger's victory, says: "In diplomatic circles here the election is regarded as a sure symptom of a coming change of system in the government of France. No immediate danger is feared as regards international complications as it is believed that internal dissensions will prevent external entanglements."

Wiener Tagblatt says: "The return of France to the programme of moderation is hardly possible. The moderate elements will soon disappear from the scene and wild revolutionaries will hold the field. The danger of war between France and Germany has now become real."

BERLIN, Jan. 28.—Newspapers here of all shades of political opinion regard the success of Gen. Boulanger as an evil augury for the French Republic. The North German Gazette says: "The régime of the parliamentary Republic has suffered a severe reverse in its own capital. The defeat of the government will probably lead to all sorts of surprises."

The Post sees in the results of the election proof that France is heartily sick of the Republic.

Possche Zeitung says: "It was not Boulanger alone that was victorious, but also his programme to establish a dictatorship and emphasize the fact that he is the man for the League of Patriots; that his glorious sword is to rend the peace of Frankfurt and win back Alsace-Lorraine. The French mean once more to be a grand Nation. That is the significance of Boulanger's success for Germany."

Volks Zeitung recalls the warning of the République Française: "An Emperor if you wish for one, and says: Paris responds, 'Yes, we do wish for one.'"

WHAT BULANGER SAYS.

LONDON, Jan. 28.—A Paris dispatch to the Daily Telegraph says: In an interview today Gen. Boulanger said: "Instead of the Government treating the election as an ordinary incident of Parliament, they made out that the republic's future depended upon the result. If they have dug their own grave, I don't know what to do. Certainly I will not help them out of the mess, though I shall do nothing to give color to the charge of my wishing to make a disturbance."

NOTES FROM ABROAD.

London Comment on Blaine as a Cabinet Officer.

LONDON, Jan. 28.—[By Cable and Associated Press.] The Daily News says it does not suppose that Blaine, if he becomes Secretary of State, will feel himself too closely bound by the commitments of the Republican convention in Cleveland's policy, to attempt to settle the fisheries question. It prefers to believe that he will be guided by his knowledge of the British people and the consciousness that more is to be gained by settling such ugly questions than by keeping them open.

DETECTIVES IN PARLIAMENT.

Pesth, Jan. 28.—A scene of great excitement was enacted in the Hungarian Parliament today on the discovery being made that detectives occupied places in the strangers' gallery. The floor of the opposition threatened the floor of the House shaking their fists at the officers and shouting: "Turn them out." The members acted like maniacs. The detectives were finally forced to leave. They narrowly escaped being lynched.

HUMBERT FOR PEACE.

ROME, Jan. 28.—Parliament was opened today by King Humbert. In his speech the King alluded to the bills which would be introduced by the Government by em-

nently pacific. The visit of the Emperor of Germany had proved the depths of Germany's attachment to Italy. In conclusion the King said: "Italy will continue to work for peace, which all desire, and which I can declare will be kept by us."

BISMARCK'S DEAREST SPEECH.

BERLIN, Jan. 28.—While speaking on the East Africa Bill in the Reichstag Saturday, Bismarck's voice was unusually weak, being almost inaudible except to those near him, and gave the impression that he was slightly indisposed. His throat troubled him. His references to the cooperation of England with Germany in East Africa caused a good impression.

THE EAST AFRICA BILL PASSED.

BERLIN, Jan. 28.—The Committee of the Reichstag, to which was referred the East Africa Bill, approved of the measure, after striking out the clause placing the East Africa Company under control of Capt. Wissmann.

THE LIBERALS.

A Resolution Adopted Opposing the Blair Bill.

SAN FRANCISCO, Jan. 28.—[By the Associated Press.] At the meeting of the California State Liberal Union this afternoon Judge North of Fresno presided. A resolution was adopted and ordered forwarded to the California delegation in Congress declaring that the Blair Educational Bill and Blair Sunday Rest Bill, now pending in Congress, contemplate a practical union of church and state, and their passage would be in direct opposition to the principles of the Constitution and in violation of the rights of American citizenship.

Samuel V. Putnam was chosen president. Sixty-six vice-presidents were elected, representing various localities of the State. The Executive Committee will consist of Ranford Worthing of San Diego, W. Freeman of Stockton, Philip Cowan of Petaluma, William Schroeder of San Francisco, W. S. Rogers of Boulder Creek, Mrs. Kate Parker of Anaheim, J. E. Clark of Los Angeles and S. Wengenheim of San José.

THE LEGISLATURE.

Senate.

SACRAMENTO, Jan. 28.—[By the Associated Press.] In the Senate the Hospital Committee reported majority and minority reports on the Home for Feeble-minded Children. The majority favored no change of location and that money be appropriated to improve the present buildings. The minority reported against the present location, declared the water and drainage bad, and that there is not enough land.

A message was received from the Governor announcing that E. F. Delger had resigned as trustee of the California Hospital for the Chronic Insane, and E. Koch of Santa Clara had been appointed in his place. The Governor also submitted to the Senate the detailed cost of State textbooks.

The Senate bill to amend the act to establish and establish bureau of labor statistics was passed.

The Senate bill to provide for the safety of persons against danger from machinery elevators and the neglect of proper safeguards was defeated.

The Senate bill providing for the punishment for seduction accomplished by false representations and pretenses or other fraudulent means was passed.

The Senate bill to add a new section to the Penal Code relative to hotels, inns, restaurants, boarding-houses and lodgings was also passed.

Assembly.

SACRAMENTO, Jan. 28.—The Assembly met at 9:30 this afternoon. Mr. Hall of Santa Cruz presented a petition asking for the passage of a bill allowing women to vote for school officers.

Mr. Holmes of San Bernardino presented a petition from citizens of Riverside, reciting that they had heard with great regret that a bill is before the Legislature to prevent Boards of Supervisors from regulating the matter of county license.

After a number of standing committees had made reports, the special order—the charges made by Mr. Tulley of San Benito against the Yosemite Valley commissioners—was taken up. The charges are twenty-two in number, and allege dishonesty, incompetency, etc.

Mr. Salmon moved that the investigation be before a special committee of five and the Yosemite Valley Commission. The motion prevailed, and on motion of Mr. Tulley, it was decided to adjourn.

The Speaker appointed Salmon, Tulley, McGarty and Holmes as the special committee.

The Senate bill to pay the claim for the expenses of the funeral of the late Gov. Bartlett was next considered. The Senate having refused to concur in the Assembly amendment adding \$500 for the pay of militia companies which paraded on the occasion of the funeral, the Assembly receded from the amendment and the bill passed.

Among the bills introduced were the following: To divide Sacramento county and create the county of Glenn from the eastern portion thereof.

To appropriate \$50,000 for an exhibition of California products at the Paris Exposition.

Joint resolution approving the charter of the city of Stockton passed.

Adjourned.

TELEGRAPHIC BRIEFS.

Claus Spreckels left Philadelphia yesterday for San Francisco.

At Mitchell, Ind., Julian C. McClure, a prominent man, has disappeared, and it is reported he is shown in the rôle of a guardian of minor heirs \$25,000.

At San Francisco the second trial of Tsung Suey Young for the murder of George Guey Sing last May resulted in the jury returning a verdict of acquittal.

Manager Harris of the Haverly has signed Stockwell, who was catcher for the Stocktons last season. The Stocktons have signed Husolt, a twirler from San José.

A jockey club, in which Michael F. Dwyer and Francis C. O'Reilly are leading spirits, has completed the purchase of 120 acres in Elizabeth, N. J., for a mile track for spring and autumn races.

A dispatch from St. Paul says: F. J. Marshall, formerly cashier of the Northern Pacific Express Company of this city, has been arrested on a charge of embezzlement. He confessed to a shortage of \$3,000.

Sunday night's terrific revolver fusillade at Sackett, Cal., between Officers Ellis, Lewis and Davis of the Scranton police and a gang of tramps had a fatal ending, Officer Ellis dying yesterday. Three arrests have been made.

Interstate Commerce Commissioners Cooley and Morrison were in Chicago yesterday on their way to St. Paul to meet the Railway Commissioners of Minnesota. They made a quiet investigation of railroad matters in Chicago.

District Attorney Claypool and Assistant District Attorney Bailey of Indianapolis refuse either to deny or affirm the report that Col. Dudley has been indicted. It is admitted that many persons of prominence have been indicted.

At Missoula, Mont., yesterday fire broke out in a small dwelling, and before it could be checked destroyed 14 buildings, all frame. The loss is \$20,000, with \$5,000 insurance. Jim Lee's gambling house was burned, and he lost \$5,000 in cash.

A wrestling match between Jack Carkeek of Milwaukee, champion in Cornish style of wrestling, and Tom Connors of England, champion of the world in catch-as-catch-can, took place at Milwaukee last night, and was won by Carkeek.

The Naval Veteran Legion. SAN FRANCISCO, Jan. 28.—The Naval Veteran Legion of California, at a meeting tonight, appointed a committee to draft a bill to be introduced in the Legislature similar to that adopted in New York, giving preference to Union veterans in the Federal patronage, providing they are equally competent.

Resolutions were adopted recommending President-elect Harrison to appoint Charles E. Brown of Cincinnati to the office of Commissioner of Pensions.

A surgeon's sentence. STOCKTON, Jan. 28.—H. C. Wilson, who came here from Los Angeles, pleaded guilty today of burglary, and was sentenced to two years in Folsom.

THOSE SPOOKS.

WHAT PRINCIPALS HAVE TO SAY ABOUT THEM.

Maj. Stern Has Not Heard Them. Mr. Harris Does Not Like Them, and Ex-Sheriff Kays Thinks He Can Size Them Up.

The house on the corner of Hill and Eighth streets, occupied by the families of Maj. Stern and L. Harris, which is supposed to be haunted, is owned by ex-Sheriff Kays. The strange noises that are heard between the hours of 11:15 p.m. and 12:15 a.m., and were thought to have been caused by water pipes, have not yet been accounted for, although Mr. Kays has had plumbers at work on the place.

A Times reporter called on Maj. Stern at his store yesterday, and asked that gentleman what he thought about the matter.

"In the first place," said he, "I do not believe in ghosts, and in the second place, neither I nor any of my family have heard the noises. I live in the half of the house furthest from the corner, and I think it ought to be easy enough for us to hear the thing, if neighbors can hear it at the distance of a block or two. The papers are making a kind of dime museum of us, for people hang about the house and look at us as if we were some kind of a show, and we don't like it. It is a kind of persecution. I have never missed a night's sleep, and I don't believe there is anything wrong about the place. I don't intend to leave the house, and there is no living ghost, spook or anything of that kind that can drive me out. No, sir, I have not employed a special detective to look after any sounds about the house, and if such a thing has been done Mr. Harris is at the bottom of it."

Mr. Harris was next looked up. As soon as the Times man made his business known Mr. Harris became greatly excited, and wanted to know why newspapers couldn't attend to their own business.

"There was no ghost out at mine house. I had not heard any noises and I don't believe anybody else has. I am not afraid of ghosts. I would go down in the cellar at midnight without a pistol, or a knife, or a weapon, and I don't care the snap of my finger for spooks or anything of the kind. No, sir, I have not employed a watchman to look after noises, especially, pay out to look after burglars, just as a number of others do on the block, but he has got no business talking about ghosts. If there have ever been any ghosts about that house, or any strange noises, except those made by water pipes, I don't know it. That girl that speaks about ghosts and tells how badly we are frightened is a fool. I don't know of any strange noises, except a new paper ought to be in better business. All of this talk is injuring Mr. Kays' property, and I don't like it."

Mr. Kays was seen later in the day. He stated that he had just returned from a trip up north, and knew but little about recent doings at the house.

But," said he, "there is something strange going on in that house. Before going north I spent one night in the house, down stairs, but the noises were not heard. I sat up from 11 p.m. to 1 a.m., but did not appear. I became convinced that the noise is made by some one who turns on his water up on Olive street, between the hours of 11 p.m. and 1 a.m., and to prove this I employed plumbers to go about the house, but they have not seen them since my return, and I don't know the result of their investigation, but I understand that the noises still keep up. I intend to make a thorough investigation, and if there is any person putting up a job I will get to the bottom of it, and punish the person or persons as they deserve, but I am not sure that it is the water pipe from Olive street."

"I am too tired to do anything tonight, but I will get to it in a day or two, and I shall find out if it is able to clear the mystery up very soon."

The night watchman has been severely criticised by some persons who say he is a spiritualist, and has made the matter much worse than it really is.

Higgs acquitted. In Justice Lockwood's court yesterday afternoon, the case of Eugene Higgs, charged with forgery on the complaint of the McDuffees, was dismissed, and the defendant discharged. The Justice, in dismissing the case, said that he was satisfied that there was no criminal intent in the matter, and that the whole thing was a knowledge and concurrence of the brother of the prosecuting witness, and in the regular course of their business relations, and nature, that the whole thing was a part of the nature of a persecution that a prosecution for legitimate purposes.

Carriage driving. John Scherer, driver for Levy, the wholesale liquor man, was arrested by Officer Glidden last evening about 5:30 o'clock, on Hill street, near the park, for careless driving, and taken to the police station, where he deposited \$10 for his appearance, and was released. Scherer was driving very rapidly, and almost ran over some one on the street.

The Phelps-Glenn account. SAN FRANCISCO, Jan. 28.—There was the largest attendance in Judge Wilson's court today of any day during the recount of the Congressional vote in this part of the Fifth District. Considerable time was spent by Judge Wilson in reading the Phelps and Levy, who assisted him to the disposition of certain disputed ballots on which doubtful assurances had been given, and the whole thing was a part of the nature of a persecution that a prosecution for legitimate purposes.

Stabbed His Brother. SAN FRANCISCO, Jan. 28.—Charles W. Wilson and his brother, John Wilson, both captains of coasting vessels, had a fight this evening, and Charles knocked down his brother with his fist. John jumped to his feet and, drawing a knife, stabbed his brother in the back of the head, inflicting a severe wound. A book-keeper, J. E. Nelson, attempted to separate the combatants, and immediately received a deep cut on the forehead which severed an artery and reached to the bone. John Wilson made his escape. The other two men were taken to the hospital.

Poor "Hunny" Must Pay. NEW YORK, Jan. 28.—The general term of the Supreme Court has handed down a decision affirming the verdict of the Circuit Court for \$75,000 against the millionaire coffee merchant, Charles Arbuckle, in the breach of promise suit brought by pretty Clara Campbell of Arton, O.

Ives and Stayner in Jail. NEW YORK, Jan. 28.—Henry S. Ives and George H. Stayner were unsuccessful today in their efforts to induce friends to furnish \$500,000 bail. They remained in the Sheriff's office until late in the evening and were then taken to Ludlow-street jail to pass the night.

Residence Burned at Colton. COLTON, Jan. 28.—Sim Lucas's residence was burned today. The furniture and library were destroyed. Loss, \$2,000.

The Weather. SIGNAL OFFICE, LOS ANGELES, Jan. 28.—At 5:07 a.m. the thermometer registered 46; at 5:37 p.m., 61. Barometer for corresponding period, 30.13, 30.07. Maximum temperature, 70; minimum temperature, 36. Weather clear.

Eye and Ear Diseases. Dr. S. M. Slocum of Pittsburgh, Pa., lately associated with the celebrated Dr. Fessler, is now permanently located at No. 230 South Main street (Moro Castle). Dr. Slocum treats diseases of the eye, ear, throat and nose exclusively, and is a specialist in the treatment of deafness, ringing, roaring and buzzing in the ears, discharge from the ears, throat diseases, loss of voice, and all diseases of the head and throat. Operations for cataract, crossed eyes, strabismus, tumors of the eyelids, etc., skillfully performed. Free consultation from 9 a.m. to 5 p.m.; Sundays 10 a.m. to 3 p.m.

Mrs. Dr. Nisale Wilson. Six years located at 341 Spring street, removed to 400 Fort st., cor. Fifth. Uterine diseases, chronic, acute, and all diseases of the female system, radical change from first treatment.

HOTEL del CORONADO.

San Diego County. Remarkable and Magnificent Structure on the continent of America.

The climate of the peninsula whereon this gorgeous structure stands is both PRESERVATIVE AND RESTORATIVE.

There is NO MUD and LESS FOGS than prevail back in the country. The temperature is much warmer in degrees warmer at Coronado than that of the most favored of the world-renowned Mediterranean resorts.

Rates, by the month, from \$2 per day; transient, \$3 per day and up according to room.

E. S. BABCOCK, Jr., Manager.

HOTEL del CORONADO. Excursion and Information Agency.

Cor. Spring and Franklin Sts., LOS ANGELES, CALIFORNIA.

SPECIAL INDUCEMENTS TO VISITORS AND TOURISTS, In Low Rates and Hotel Rates. \$46-LOS ANGELES TO CORONADO-\$46

AND RETURN. Including 15 Days' Board at the HOTEL del CORONADO.

These rates are good from and tickets for sale only at the following points on the PACIFIC COAST SOUTHERN R.R. CO.

THE CALIFORNIA CENTRAL RY. CO., LOS ANGELES, PASADENA, RAYMOND, SAN BERNARDINO, RIVERSIDE, SANTA ANA.

Other information can be had at the Coronado Excursion Agency, Cor. N. Spring and Franklin Sts., LOS ANGELES.

California Waukesha! PURE WATER!

The CORONADO BEACH COMPLY Made a very valuable and important discovery while investigating the water supply of the Otay Valley, San Diego county. They came upon a series of underground springs, the water of which has similar properties to the celebrated WAUKESHA WATER.

Clear, sparkling, agreeable to the eye and refreshing to the taste; one acre already yields 6,000,000 gallons per day, and other springs can, by development, be made to yield equally clear. Also a stock of water has been piped to South San Diego, Coronado Heights, and Coronado Beach, and used with the most satisfaction and favorable results.

AN ANALYSIS. Made of this late discovery by the celebrated chemist, C. Gilbert Wheeler of Chicago, shows that it is exceptionally pure, and is possessed of highly medicinal qualities, which act as a tonic and favorably on all kidney troubles.

THE WAUKESHA WATER. The above is fully borne out by the result of its use for several months on the guests of the Hotel del Coronado. Many severe cases of kidney disease among elderly people have been completely cured.

For sale by WOOD & LEITCH, Pasadena; and by WOOD & LEITCH, Los Angeles. Also by THOMPSON & CO., Druggists, Downey block, Los Angeles.

Real Estate. SIMI RANCHO!

Cheap Lands. Good Lands. Prices and Terms to Encourage Settlers.

So much has been said and written about the high prices for ordinary farming and fruit land in Southern California that many people think that no good land can be had at less than \$200 per acre in a good locality. But if you will call at the headquarters of Simi Land and Water Company you will find that you can buy well watered stock ranges at \$5 to \$15 per acre, and every one of these ranges contains more or less good farming land. You can buy first-class valley lands for \$20 to \$75 per acre, and small tracts of 10, 20 or 40 acres, for fruit farms, at about the same price. Colonies who want from 1000 to 5000 acres can be placed on one lands, suitable for dividing among their members, at \$25 to \$40 per acre. This company carries nothing for sale, and asks no inflated prices for their lands. We own nearly 100,000 acres, and have a perfect and undisturbed title. The object is to furnish good land, to actual settlers, at prices within reach of any who can buy land at all, and on terms which will enable men of moderate means to acquire homes in an attractive and healthy part of Southern California. We do not claim to have the best land in the State, and at present are not directly on a railroad, but expect to be before long. But we do claim to offer better land and more advantages on easier terms than any other place that has been brought to our notice. It will cost you nothing but a novel card to get detailed information about these lands. If you want a farm or a stock range write or call at 19 West First street, Los Angeles, and ask about the Simi ranch.

Unclassified. ARLINGTON HOTEL, Santa Barbara, Cal.

"As there is but one Santa Barbara in the world to there but one Arlington in Southern California. The rooms are large and elegantly furnished, corridors broad, grounds ample, and the water is pure and delicious. The house is surrounded by roses, shrubs and palms. The weary may rest, the sick be healed, the invalid over-mountain, hill and valley, or sail upon the ocean. Here is Peace, Health, Comfort."—Nordhoff's California.

SANTA BARBARA. With its unexcelled climate, magnificent scenery, numerous charming drives and delightful sea bathing, offers UNEQUALLED INDUCEMENTS—To those in search of—HEALTH AND PLEASURE.

For terms and reservations, address CHAS. C. WHEELER, Prop'r. Telegraphic address, "Hotel Arlington."

A few all-wool scarlet shirts, former price \$1.25, now 50c.

PASADENA NEWS.

DISTINGUISHED SCIENTISTS BANQUETED.

A Trip to Eaton Canon—The Knights of the Road—A Short Biography—Interesting Personal Mention—City News.

PASADENA, Jan. 28.—[Correspondence of THE TIMES.] The overland, which was delayed by floods in Arizona, arrived at 8 o'clock this evening. The light question is one now perplexing our citizens, and the Committee of the Whole of the City Council will meet at an early date to complete the work already undertaken.

George B. Higin, the West Colorado street druggist, has removed his stock on the same street, near Fair Oaks avenue.

Today our merchants report larger sales and greater demands for goods than in any day for three weeks. A large number of strangers are upon our streets, and many of them are renting houses with an idea of permanently locating here. Business is certainly much better.

The knight of the road is becoming lately as numerous as the festive sneak-thief. No less than ten were seen prowling around private residences today in search of food and whatever else they could lay their hands on. Officer Robbins found one of the ilk this morning, and on questioning him found that he was an escaped employe of a Canadian cutter. When run down he had ten cents to his name, with which he purchased ten cents' worth of sugar cake when he secured his freedom.

A large number of strangers were noticed driving about our main thoroughfares today. The weather was all that could be desired, and would more than please the average tourist. The Board of Trade held a regular business meeting tomorrow afternoon. Several committees will submit their reports and make the meeting an interesting one. It is hoped a larger number of our citizens will frequent these gatherings than have assembled in the past, and give the board that encouragement which they so richly deserve.

Turn out.

Mrs. H. Graham of North Los Robles avenue will give a private party on Wednesday evening. Alexander McLean, whose name has been mentioned as a probable candidate to fill the existing vacancy in the City Council, is a gentleman 33 years of age and a native of Kent county, Michigan. At present he is a member of the real-estate firm of Knight & McLean of this city, who have won for themselves a name as reliable business men.

The Times reporter acknowledges the receipt of an invitation to attend a banquet this evening given by the Board of Trade to the astronomical scientists, Prof. Alvan G. Clark and W. H. Pickering, at the Carlton Hotel. He attended.

The Star, the Union and a local stationer are all mixed up in a heap as to who has the authority to sell Texas Sitings at this time. The Star takes a column of space to advertise the magazine by pitching into the other parties. Three rounds have been fought and seconds been appointed. When will this cruel war be over?

An election of directors of the Pasadena and Lake Vineyard Land and Water Company is now being held in its office. The candidates for liquidation are John Allin, George E. Meharry, Capt. Wakeley, Jacob J. Shoup, C. M. Barker, B. A. Rice, D. M. Peterson, C. C. Brown and others. Mr. Brown is making a strong fight for the position, and all day long has been scouring the city for votes. The result will not be known, however, until tomorrow morning, when the Election Board will hold another sitting.

The astronomical scientists arrived in this city from Los Angeles at 11 o'clock this morning, and were immediately taken in charge by the Board of Trade Committee. The distinguished guests were shown the beauties of our city, and conveyed, and freely commented on its picturesque. This afternoon, in company with Messrs. Eaton, Storms, Channing and Arnold, they visited Eaton Canon, in the mountains, and upon their return were banqueted by the Board of Trade this evening at the Carlton.

The private car "Iolanthe," the property of J. Montgomery Sears of Boston, Mass., and now lying sidetracked at the Raymond, will convey the Presidential party to the inauguration at Washington. A full and accurate description of this palace wheels appeared in THE TIMES of the 20th inst. The car will leave Indianapolis on the 24th of next month.

Rev. R. H. Hartley of the Friends Church has tendered his resignation. Mr. Hartley is the ablest pulpit orator and divine in this city.

PERSONALS.

George Telford of Los Angeles came up this morning, and spent some time among the fraternity of the art preservative.

Andrew McNally, the railroad printer of Chicago, arrived last evening with his family, and will spend the remainder of the winter here at his newly finished residence at Altadena.

E. A. Willis left this evening for San Francisco.

The following were registered for dinner at the Carlton this evening: J. H. Outhwaite and N. C. Carter of Sierra Madre; W. B. Hopkins of San Francisco; G. E. Moran and wife of Chicago; John H. Bacon of Colorado; Dr. H. S. Squire and wife of Mexico; George W. Bayley of Uruguay, Colo., and Thomas E. Fraser of Banning.

Rev. M. N. Cornelius delivered his inaugural sermon to the congregation of the Howard Presbyterian Church of San Francisco yesterday morning.

John E. L. Lindsay of South Pasadena has returned home from a trip to the northern part of the State.

Thomas Grimes and Jefferson Huff left for the overland this afternoon for Yuma, where they have mining interests.

M. S. Banton and wife of Chicago are visiting in the city.

Guy Woodward, the potato king of Lordsburg, spent Sunday in the city, returning to that thriving hamlet this morning.

Alvan G. Clark and Prof. W. H. Pickering of Boston, Mass., were registered at the Raymond today noon.

G. W. Giff and wife of Peoria, Ill., are among late arrivals and are the guests of Mrs. Edison Turner at her cottage on North Fair Oaks avenue.

D. Row 78, B. Row 80, Block.

Diseases of throat and lungs and of the nervous system successfully treated by the use of oxygen. See Nitrogen Monoxide, life, ozone, etc. Hours, 10 a. m. to 8 p. m. Telephone 1024. 288 Spring st., corner Second.

Dr. F. W. Wells, Dentist, 203 N. Main st., at the corner of Second and Los Angeles streets.

How Men Die.

If we know all the methods of approach adopted by an enemy we are the better enabled to ward off the danger and postpone the moment when surrender becomes inevitable. In many instances the inherent strength of the body suffices to enable it to oppose the tendency toward death. Many, however, have lost these forces to such an extent that there is little or no help. In other cases a little aid to the weakened lungs will make all the difference between sudden death and many years of useful life. Upon the first symptoms of a cough, cold or any trouble of the throat or lungs, give that old and well-known remedy—Boschee's German Syrup a careful trial. It will prove when the remedy of it to be, the "benefactor of any home."

Largest stock of wood, iron and slate materials in Southern California. Best assortment of brass goods, art and floor tiles at J. B. Hoffman's, 414 South Spring, between Fifth & 6th streets.

Medical.

CATARRH
Throat Diseases, Bronchitis, Asthma,
CONSUMPTION

Together with diseases of
THE EYE, EAR AND HEART,
SUCCESSFULLY TREATED BY
M. HILTON WILLIAMS.

M. D., M. C. P. S. O.,
HOLLENBECK BLOCK,
 Corner of Spring and Second Streets,
 LOS ANGELES, CAL.
Consumption Can Be Cured
 This has been demonstrated in thousands

of cases treated by
DR. WILLIAMS,
With his new system of medicated inhalations,
also the oxygen and compound oxygen treat-
ment, combined with proper constitutional
remedies for the liver, stomach, b. o. d. etc.
Probably no system of practice ever adopted
has been so universal, successful as that in-
troduced by Dr. Williams for the cure of
Catarrh, Throat Diseases, Bronchitis, Asthma
and Consumptive n.

CATARRH.
Catarrh is often referred by the patient as a cold in the head, and he often expresses his astonishment at his remarkable tendency to contract a fresh cold. Indeed he declares he is scarcely free from one cold before he takes another; and he is always exceedingly careful it is a so a matter of surprise to him that the cold always seems to settle in the head and throat.

At times many of the symptoms of Catarrh

may seem to wane, and the patient is led to hope that the disease is about to wear off; but as other class of symptoms soon appear, and he learns to his horror that instead of recovery from the disease it is somewhat changed in its character and has extended to the throat. A sense of warmth is sometimes felt in reading, speaking or singing, hoarseness at times occurs, a sensation of dryness is sometimes felt in the throat, or it appears that some foreign substance as, for instance a hair, obstructed the throat: these become

a sense of lassitude and fatigue; the breathless upon a little exertion, a short, hacking cough, a peculiar sound in clearing the throat, a feeling as though there was not room enough in the chest to breathe; these and other symptoms occur after the disease has made considerable progress. Then it is a long time when consumption is about to begin its dreadful work. Up to this point the progress of the disease may have been slow and the patient may, in expressing his confident hope

Inhalations are applicable in all diseases of the respiratory organs, but must be prepared for each individual case as they severally require.

the form of medicated vapor (not steam or spray) are able to produce immediate and direct action upon the diseased surface in the pharynx and nasal passages for air will find its way into the most remote and intricate cavities, where it is impossible to make such applications. By these means every case can be cured.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no

I have seen so many of these cases cured that I do not consider any case hopeless unless both lungs are seriously involved. Even then the inhalations all us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success.

The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at my office for consultation and examination, but if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address
